Scrofula or King's Evil,
Is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously called by morourial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, depressing vices, and, above all by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation; hence the saying is true to the letter, who says, "I will visit the iniquities of the fathers upon their children."
Its effects corresponding to deposition from the blood of corrupting humors matter, which in the lungs, liver, and internal organs is termed tubercles; in the glands, swellings, and on the surface, eruptions or sores. This foul corruption, which generates the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination, and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by this same cause.
One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
Ayer's
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can confer for this overwhelming and fatal malady. It is so combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the removal of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, ULCERATION, SYPHILITIC or MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, Indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popularity of this *antidote to the blood* is founded in truth, for certain it is, that the expulsion of disease from the system will not be denied, that it is the *best Slate in the known world.*
Having recently filled an order for Messrs. Wheeler & Lynde, of the Whig and Courier, they have kindly permitted their Tables to be examined at their office.
The Company can also supply almost any quantity and size of Planed Slate, and solicit orders in any of the branches of their business. Specimens at their office. Apply to

SLATE!
THE Bangor and Piscataquis Slate Company having completed their arrangements for the manufacture of SLATE, are prepared to receive orders for any dimensions which may be required, from a "paper weight" to a "Billiard Table."
The endless variety of uses to which this article may be applied, will readily occur to the artisan, and indeed to every observer of the progress of modern improvement in the arts of life.
Counters for Shops, Slicing Tables for Butchers, Desks, Boards for Schools, are among the many purposes for which this article will be in demand.
The peculiar texture or grain of the stone from the Brownville quarry, being entirely free from those *gnarls*, or *crook grains*, which are apt to disfigure almost all other slates, renders the surface of the manufactured article smooth and true, and it is insisted, and probably will not be denied, that it is the *best Slate in the known world.*
Having recently filled an order for Messrs. Wheeler & Lynde, of the Whig and Courier, they have kindly permitted their Tables to be examined at their office.
The Company can also supply almost any quantity and size of Planed Slate, and solicit orders in any of the branches of their business. Specimens at their office. Apply to

The great number of troops at this encampment—30,000 or more, we believe, gathered from all Massachusetts—will draw an immense throng of spectators. Very few of them, however, will get even a good view of the great encampment; or of the vast line of troops when on parade. Votes! Votes!!

The Republicans in all the towns should see to it at once that they have a supply of genuine Republican votes. These votes are now ready for distribution. Let the Republican Committees make all things ready, and thus secure a triumph for their principles and men.

THE PARSLEY AFFAIR.—We are authorized to deny that the Secretary of State has ever given to Mr. G. D. Parsley (late Messenger of the Governor and Council) any quantity of letter stamps beyond the small number which it has always been customary, under all administrations, to distribute to the members and officers for official purposes,—and further that Parsley had no right to more than one copy of the Revised Statutes. We understand that he denies selling the quantities of stamps alleged, or more than one copy of the Revised Statutes,—a limiting however, that he sold some $20 worth of stamps, which rightfully belonged to him.—The matter is undergoing investigation in the proper quarter—and it may be relied upon that no officer will be defended or shielded if really found guilty of fraud or peculation.

The Republican campaign in Ohio is going on with unusual vigor. At Elyria, Gov. Chase was escorted into town by a large procession, with two bands of music.

They don't seem to care much about Mr. Douglas' views in Chicago. A writer in the Press and Tribune says there has been sold there at least four hundred less copies of Harper for the month of September, than for any other month in three years.

The fall trade has opened well in Boston, New York and Philadelphia.

The Baseness of the Democratic Organs Exposed.

The Bangor Union having meanly and basely persisted in charging upon the Governor and Council, a gross "robbery of the Treasury" in the matter of allowance to our Claim Commissioner at Washington, and the Portland Argus and other organs having repeated the libel, we feel called upon to make good our allegation, that the "robbery," if robbery it was, HAD THE SANCTION OF LEADING DEMOCRATS—and among them SOME OF THE REPUTED OWNERS OF THE BANGOR UNION ITSELF. To that end we have procured the following copy of a memorial addressed to a member of the Council, upon the subject of the allowance to be made for obtaining the $76,000 which Maine has received this year from the General Government:

BANGOR, July 22, 1850.

Hon. A. L. Wing,

SIR:—The undersigned take this method of expressing to you their opinion that the payment to the Commissioner at Washington, of the full rates of percentage upon the claims of Maine against the United States, as proposed in a classification made by the Executive Council in March, 1858—IS DUE TO SAID COMMISSIONER, AND IS FOR THE BEST INTEREST OF THE STATE.

(Signed by)

LEONARD JONES,
D. M. HOWARD,
AMOS M. ROBERTS,
E. W. FLAGG,
JOHN A. PETERS,
HASTINGS STRICKLAND,
DUDLEY F. LEAVITT,
WILLIAM CUTTER,
E. G. RAWSON,
JAMES WALKER,
WILLIAM THOMPSON,

and 22 other prominent Democrats of Bangor.

Many prominent democrats both of this and other parts of the State, whose names are not signed to the above petition—including Hon. Samuel H. Blake of this city, and Daniel F. Pike, Esq., editor of the Augusta Age—have also recommended the allowance of 25 per cent, which, as mentioned below, is much larger than was actually paid—($8,000 more.)

Let it be remembered, therefore, that while the Bangor Union and the Argus accuse the Governor and Council of "robbing the treasury" in the payment of $11,000 to the Claim Commissioner, the democratic leaders above named, said it would be equitable and "for the interest of State" to pay NINETEEN THOUSAND DOLLARS—and urged its payment.

The "per centage" proposed in the "classification" alluded to in the memorial was *twenty-five* per cent. This, the above-named prominent democrats said ought to be allowed—that it was "FOR THE INTEREST OF THE STATE" to have it allowed. Their newspaper organs, now, upon the eve of an election, meanly and basely endeavor to make political capital against the Republican party, because the Governor and Council did allow *fifteen* per cent—TEN PER CENT LESS than AMOS M. ROBERTS, LEONARD JONES, DUDLEY F. LEAVITT AND OTHERS RECOMMENDED. This course of the democratic organs is the very depth of political meanness.

Indeed, it ill becomes the humble organs to talk any way about "robbing the treasury" in this matter of Washington claims, when the last Claim Agent appointed and kept under pay by a *democratic* administration received money from the treasury to the amount of some $6,000, and did not secure any claim after all. If the treasury has been "robbed," it was by the *democrats* not by the Republicans—for the money paid by the Republican administration has been *for services rendered*, is simply *a per centage on money brought into the treasury* by the Commissioner—and he makes an allegation also that so far from being an over-payment, it does not even re-imburse him his expenditures on account of the claim. The $11,000 allowed to Mr. Weston was not simply for his *services*, but for his services and necessary expenditures to procure the allowance.

The "democratic" agent, we say, was paid $5,000 or $6,000 out of the Treasury, but put nothing into it. The Republican Commissioner received a per centage on what he actually *obtained* from the United States Government. It should be remembered also that the democratic party and Samuel L. Harris, a former Claim Agent at Washington, no less than EIGHTEEN THOUSAND DOLLARS—being 10 per cent—for merely auditing interest accounts under the act of March 3, 1851—the law being already passed, and the allowance not being contingent, as in the case of Mr. Weston. Let the people compare the allowances by the democratic administrations with this allowance which is first recommended by leading democrats and then stigmatized as robbery by the democratic organs. We say, let them compare!

But in relation to this particular claim, the payment of which the Republican claim agents of Maine and Massachusetts, and the Republican delegations in Congress, have now obtained,—a few words of explanation may be appropriate.

The States of Massachusetts and Maine have had a claim against the United States since the war of 1812, known as the "Massachusetts War Claim," which for forty-four years has been repeatedly preferred before Congress for allowance, and notwithstanding both States have been represented by their most distinguished men in the National Councils, who have strenuously advocated its allowance, it has as often been refused. Both States have had special agents at Washington, to whom thousands of dollars have been paid for the prosecution of this claim, and yet it was never fully allowed.

During the last Congress, the present agents and members of Congress from Maine, in conjunction with those of Massachusetts, received a favorable opportunity for presenting the claim anew, within reasonable chance of success. It was presented, and resulted in placing in the treasury of Maine, the large sum of $75,000, which together with other claims obtained during the same time, makes the sum of about $125,000. The allowance of the war claim properly involves the allowance also of the interest on the same, which will amount on Maine's share to from $150,000 to $200,000, which according to a precedent already adopted in claims of other States, ought to be allowed.

The per centage allowed by other States for obtaining claims is in many cases 25 per cent. In the present case, no particular per centage was agreed upon in the Council.

A POOR RECOMMENDATION.—To see a man travelling through the country and abusing the institutions of his native State. We hope that the Hon. John C. Underwood won't take this as personal.—*Bangor Union.*

If bigamy and cheap stealing were "institutions" hereabouts, the editor of the Union would undoubtedly feel himself called upon to defend them—just as he now defends various institutions of the democratic party. Mr. Underwood considers slavery to be an immense evil and crime, *whereas* it may exist. He does not *defend* crime because it is upheld in his own State. This course the Union considers a "poor recommendation" for a man. Very natural. Honesty is frequently a poor recommendation in the view of that paper.

Jeff Davis has made another speech to the people of Jackson, Miss., in which he goes for the re-opening of the slave trade, the acquisition of Cuba on any grounds, and says, that in the contingency of the election of a President on the platform of Mr. Seward's Rochester speech, let the Union be dissolved."—*Bath Times.*

Mr. Davis was a pet of the Maine Democracy, when he visited the State last year. He is still a recognized leader of their party, and at Charleston he will have more influence in shaping the policy of the party than all the democrats of New England put together.

The Washington Postmaster has stopped a lot of Republican documents put into the office for Minnesota, under the frank of Mr. Covode. Mr. Covode acknowledges the frank, still the department refused to let them go, on the ground that some of them were franked by a clerk.—This action is attributed to the arrival in Washington of Gov. Sibley. The Republicans contend that they have proofs that Judge Douglas, Mr. Florence and others are constantly franking by their clerks, and no questions asked.—They say if the Department will only decide that Democratic members are or are not to be treated the same as the Republicans, the decision will be worth more than the comments in question.

LOCAL AND MAINE NEWS.

☞ In our reference to the stove and tin ware establishment of Mr. Albert Noyes on Centre Street, we designated it as the store of Messrs. A. Noyes & Co. This was erroneous, as Mr. Noyes has no partner in business.

PAINFUL ACCIDENT.—Mr. Samuel Pierce, who lives on Oak Street, suffered a severe fracture of one of his legs on Monday, while at work in Mr. Durgin's employ, getting out stone from the ledge at the foot of Newbury Street. He was prying up a heavy stone, when his bar slipped and threw him down a rocky precipice of ten feet upon the solid ledge below. He pitched off head foremost, and must have been instantly killed, had not one of his hands struck in the descent, and turned his body to a horizontal position. The fracture was of the thigh bone, very near the socket. The necessary surgical and medical assistance was rendered by Drs. Rich.

IN THE POLICE COURT yesterday, John Nickerson of Orrington, (arrested by officer Walker) was brought up on complaint of high and aggravated assault in firing a charge of shot with intent to kill at Elias Rich, (as reported in our paper of yesterday.)

The County Attorney appeared for government and T. H. Garnsey, Esq., for defence.

The testimony was about the same as we stated yesterday, in relation to the passengers in the stage plucking Nickerson's choke cherries, and being fired at by Nickerson. The driver testified to there being two shot holes in young Rich's coat. Rich himself not being present the case was continued till to-day at 11 o'clock.—bail being fixed at $100.

The number of passengers in the stage was 21, instead of 12 as we stated yesterday—twelve men outside, and seven ladies, two gentlemen and two children inside.

Young Rich is a son of Mr. Moses Rich of North Bucksport. He was not materially injured by the shot.

☞ In the notice of Mrs. Everett's death in our paper yesterday, the compositor made her age 76 years 6 months. It was written 70 years 6 months—which is correct.

JURORS.—In the Board of Aldermen Monday evening, Amherst Alden and David Worcester were drawn as Grand Jurors, and Samuel Reynolds and Samuel F. Hersey, petit Jurors to the U. S. District Court, to be holden in Portland on the 28d inst.

☞ The Republicans of the district of Lowell, Lassadumkeag, &c., have nominated Thomas W. Porter of Lowell for representative. The democrats have renominated his father, Joseph Porter, the former member.

☞ It is stated that an ecclesiastical council of the Baptist denomination, held at Eastport last week, declined to establish a second Baptist Church, as asked for by a few members of the first Society.

Republican Convention at Glenburn.

The Republicans of Orono and Glenburn met in Convention at John H. Leary's, in Glenburn, Tuesday Sept. 6, 1859, for the selection of a candidate for Representative to the Legislature, and organized by the choice of Dr. W. H. Allen of Orono, as Chairman, and Charles Buffum and W. E. Gibbs as Secretaries.

Voted unanimously, that Lowell Marston be the nominee of this Convention.

After which, the following resolutions were adopted:

Resolved, That the Republicans of this Representative Class are in favor of the Aroostook Railroad, as a means of largely increasing the wealth, population and prosperity of our State, and we demand its early construction.

Resolved, That we are unalterably opposed to the extension of slavery into our National Territories, whether under cover of Dred Scott decisions, Nebraska bills, or Douglas Popular Sovereignty, as explained and advocated by him.

Resolved, That we are in favor of free labor, and that the rights of the white laborer everywhere should be cared for and respected by government.

Voted, that the foregoing resolutions and the proceedings of this meeting, be published in the Whig & Courier.

The meeting was ably and forcibly addressed by Charles S. Crosby, Esq., of Bangor, after which

Voted to adjourn.

DESTRUCTIVE FIRE IN AUBURN.—We learn from the Portland Advertiser that a fire broke out in the tannery of Seth P. Miller & Co., at Auburn, on Sunday evening last about 12 o'clock, which rapidly extended to the surrounding buildings, destroying all on the west side of the street north of the Maine Hotel as far as Bridge street, with the exception of the new arcade store recently erected by James Goff, Esq. The large two-story wooden building was owned by Freeman Norrell and Isaac Haskell. The southern half was occupied by Mr. Newell as a music store and as a manufactory of musical instruments. His loss is partially covered by insurance. The north half of this building was occupied as a paint shop and ice manufactory. The value of the building was about $4000.—The loss of Miller & Co. was large; the amount of insurance we have not learned. Connected with the tannery was a steam-engine, which furnished power to drive a grist-mill; the mill was destroyed. The whole loss cannot fall short of $12,000.

VESSEL PROBABLY LOST.—We gather the following particulars from the Bath Times:—Mr. Lowell, keeper of Seguin Light, picked up at that island on Friday morning, a yawl boat, oars, two chests with clothing, papers, &c., which had drifted ashore. The papers showed they belonged to fishing sch. "Return," Capt. Elisha Brown, and the enrollment was dated Portland, Aug. 8, 1859. Mr. Lowell supposes the schooner must have been run down the previous night.

FIRE ENGINE TRIAL.—We understand that the preliminaries have been arranged for a grand trial at throwing water, between the Fire Engines—Iron Duke, Washington, Torrent, and Extinguisher, to take place at Milltown in about a fortnight. Each company has raised $100, and there will be three prizes of $20, $150, and $50.—*St. Croix Herald.*

The sixth annual meeting of the Portland "Mutual Loan and Savings Association," was held on Friday evening and the following officers were elected:

President—Nath'l F. Deering.
Vice President—Charles Holden.
Secretary—Edward Shaw.
Attorney—Ben. Kingsbury, Jr.
Surveyor—H. C. Barnes.
Trustees—Charles Davis, Calvin Edwards, Nath'l Elsworth, M. G. Palmer, Bradbury Dearborn, Geo. W. Beal, Geo. H. Holden.

NAME CHANGED.—Nicatou Plantation, situated at the junction of the East and West Branches of the Penobscot river, Penobscot County, has been changed to Melway Plantation. Mail matter should be directed accordingly.

☞ Horse thieves are flourishing down east, as we learn from the St. Croix Herald.

A LOST BOY.—About five years ago, a son of Mr. Daniel Fiskett, at Millbridge, was missed by his friends, and supposed to be drowned, though no evidence was obtained to that effect.

Within six months, and more especially within a few weeks past, a boy has been seen in the Company of a "camp" of Indians, who have been residents of different localities between Eastport and Mt. Desert for many years, and circumstances recently developed, transpiring before, at the time and since the parent's loss, tend strongly to suspect that the boy was stolen by the Indians, to avenge, as they assert, shooting a dog belonging to them by a person of the same name as the boy's parents.—*Machias Union.*

SINGULAR AFFAIR.—*A Man Arrested for an alleged Murder committed Eleven Years ago.*—On Saturday last, Wm. Edwards of Raymond, was arrested for the alleged murder of a female named Sarah J. Verrill, about 11 years ago.—The accused at that time resided in Poland. The girl, who is said to be in low character, also resided in that town, and Edwards is said to have been familiar with her. One morning both of them were missing. Edwards was seen with the girl on the previous evening. He returned to his family in about four weeks, but denied all knowledge of the girl, and she has never been heard of since.

Last week, Joshua Edwards, a brother of the accused, made a confession, stating that he and William murdered the girl by tying or chaining her on to a pile of brush, then setting fire to it, and burning her alive. Upon this confession William was arrested, and the case will come off for examination before Thomas Johnson, Esq., in New Gloucester on Wednesday. Hons. John J. Perry and Charles W. Goddard have been employed as counsel for the accused. We presume Mr. Butler, County Attorney, will attend to the examination on the part of the State.—*Portland Argus.*

A POISONING CASE DOWN EAST.—The Machias Republican says:

The stomach of Mr. John Allen, who died very suddenly near Beddington a few weeks since has been examined, and poison found therein.—His wife, and a Mr. Mann have been arrested on suspicion, and taken to Aurora for examination.

Potatoes are selling here for fifty to seventy-five cents a bushel. The yield will not be large owing to the long spell of dry weather in August, but the quality could hardly be better.—*Machias Union.*

A CASE FOR THE TRIBE OF THE SEEKERS.—A returned Californian reached home a week or two ago, with between $15,000 and $16,000 in gold coin. Feeling it unsafe to keep so much money about him, and suspicious of the honesty of all banking institutions, he determined to bury it, which he accordingly did, without informing any one of the locality. A few days afterwards, says the New York Courier, he went out riding, when he was thrown from his horse and instantly killed. Of course no one knows where the money is, although it has been searched for very carefully.

The frost of Monday night of last week was quite severe in some places around Concord, N. H.,—sufficiently so to kill corn, potatoes and squash vines. The loss in consequence is said to be considerable.

A LARGE ESTATE.—The Baltimore Patriot says the property of the late George Brown, who died in that city last week, is estimated at four millions of dollars.

Londonderry covers an area of 121 square miles.

The St. Augustine (Fla.) Examiner asserts positively that cargoes of African negroes are constantly landed in the United States.

TELEGRAPHIC

TO THE

Daily Whig & Courier.

NEW YORK, 6th.

Geo. Griswold, firm of N. L. & G. Griswold, died to-day aged 82.

Mrs. Elizabeth Byrnes, female physician, was arrested to-day for causing the death of Mary S. Vischer through malpractice. Mrs. B. is a native of Roxbury and obtains to be a graduate of the Boston Female Medical College. A woman named Mary Smith also arrested as an accomplice.

A bloody fight occurred early this morning between Irish Protestants and Catholics in Jackson Square. One man, Geo. Beatty, was mortally wounded, and several others badly stabbed. Others were maimed with clubs and paving stones. Ten arrests were made.

BOSTON, Sept. 6.

Numerous military companies passed through this city to-day, en route for Camp Mars, in Concord, where three days encampment and review of the active force of the State commences to-morrow. Gov. Banks, as Commander-in-Chief, will remain on the ground during the encampment. There are indications of an immense rush to the quiet town of Concord, to witness the military display. Gen. Wood, of the U. S. army, will be present on Friday. The encampment occupies about one hundred and fifty acres.

The extra session of the Legislature, called to act on the report of the Committee for revising the Statute laws of the commonwealth, assembles to-morrow.

NEW YORK, 6th.

The reported disaster to bark Eleanor from New York for Aspinwall is incorrect. It should read bark Alnat.

Bark Hesper Perkins is below from Matanzas for Cork with mainmast gone to deck and mizzen topmast gone. She is in tow.

PROVIDENCE, 6th.

The oration before the undergraduate societies of Brown University was delivered to-day by Col. E. G. Parker of Boston; subject "Perides." The Poem was delivered by Mortimer Thompson upon "pluck." Both were well received.

MONTPELIER, Vt., Sept. 6.

Our annual election of State officers and members of the Legislature, took place to-day. Hiland Hall, the present Governor, was voted for by the Republicans, the Opposition voting for John G. Saxe, the Democratic nominee.

10 P. M.—The returns so far as received, indicate the re-election of the Republican State ticket by the same majority as last year, on an increased vote, and a small Republican gain in the House of Representatives over last year. In 21 towns, the vote for Governor stands as follows:—Hall, 2226; Saxe, 2057; Republican majority, 2569. Last year, the same towns gave Hall 2377; Keyes, Dem., 2484; Rep. majority, 2775. In 60 towns, the returns show the election of 91 Republicans, 18 Democrats, and 1 no choice. Last year the same towns gave 40 Republicans, 10 Democrats, and 1 no choice.—Comparatively little interest has been manifested in the election, and the returns come in slowly.

BARNSTABLE, Sept. 6.

The Superior Court, Chief Justice Allen, met in this town to-day. The Hyannis kidnapping case will not be reached for trial for several days. The District Attorney has a large number of witnesses in attendance.

LEAVENWORTH, K. T., Sept. 5.

The municipal election to-day passed off quietly. Mr. Bemmam, the Democratic candidate, is thought to be re-elected Mayor. The Republicans have gained largely in the popular vote since last election, and probably have a majority of the City Council and of City officers.

WASHINGTON, Sept. 6.

New Orleans papers of Thursday are received. The Independents, or Houston party, have a majority of 22 in the Texas Legislature, on joint ballot.

THE STEWART STOVE

Operates to perfection with Bituminous Coal.

THE STEWART STOVE

Will pay for itself in saving of fuel every 3 years.

THE STEWART STOVE

Ayer's Sarsaparilla

A COMPOUND REMEDY, in which we have labored to produce the most effectual alterative that can be made. It is a decoction or extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for all diseases for sarsaparilla is reputed to cure. It is believed that no one remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to the large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promotor of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many gambling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, save themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corrupt humors, if not helped to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores, cleanse it when you find it is obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Even when no particular disorder is felt, purify, enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with the pollutions of life disordered, there can be nothing health. Scarcely a man or woman lives who does not need to purify their blood occasionally, and many would be saved much suffering and sickness if they would but do so.

Sarsaparilla has, and deserves most, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public has been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it, and we think we have ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to cure. In order to test to the complete satisfaction from the system, the remedy should be judiciously taken according to directions on the bottle

TESTIMONIALS.

[From a gentleman well known in the vicinity of Bloomfield, Mass.]

WESTFIELD, Mass. 26th Nov. 1855.

S. W. FOWLE & CO., BOSTON.—Gentlemen: I thoroughly give you my testimony, and, moreover, to assure you that the public should know the claims of this invaluable preparation of WISTAR'S BALSAM I call their attention.

About a year ago I was attacked with a severe cold and cough, followed by sneezing, night sweats, and other symptoms of approaching disease.

I tried many remedies to my relief, and to silencing of my cough, but in vain, and my friends entertained fears as to my recovery.

At this juncture I purchased a bottle of WISTAR'S BALSAM, and at once began to use it. The first two bottles had but a exhausted I had already experienced much relief. I had always held it in my family. DEAN CLARK.

Of the firm of LO OMIS, LEWIS, & CO.

[From Rev. Henry Ward, formerly Editor of the Congregational Journal, Concord, N. H., now residing in Bangor.]

American Consul at Bayreut, Syria, and now Chaplain in the Navy.]

CONCORD, N. H., March 1, 1858.

MESSRS. SETH W. FOWLE & CO.—Gentlemen: Two years ago, a sudden and violent attack upon me laid me confined me to my bed for several weeks, and I did not recover, I was so much reduced by the effects of the breathing, that I was often unable to sleep or raise myself in bed by night. The suffering was great, and relief from the inefficacy of the remedies used, I supposed the disease incurable, I being persuaded to try a bottle of WISTAR'S BALSAM OF WILD CHERRY, which was procured from the inefficacy of the remedies used, I supposed the disease incurable, I being persuaded to try a bottle of WISTAR'S BALSAM OF WILD CHERRY, which was procured from the neighborhood. I was so much relieved by one bottle that I procured another, and by the use of two bottles I was entirely relieved, and have not been troubled with the disease since. I have no doubt that many who are afflicted with Consumption, if they will but use this remedy in season, will find relief, and be restored to health and vigor.
